

STARTUP BOOTCAMP

A 2-WEEK
FUNDRAISING
PROGRAM
DESIGNED FOR
STARTUPS

STARTUP BOOTCAMP

This is a program designed to equip and prepare early-stage founders for raising capital.

The program includes:

1. Pitch deck Iteration and pitch workshops

We will help founders create a compelling narrative with their pitch deck and investment memorandum.

This will also include pitch workshops to enable founders understand the art of pitching to investors in various forms.

2. Financial Modelling

The bootcamp is structured to help founders build and organize financial data to make accurate projections.

3. Valuation and Equity structuring

We will teach founders about valuation, setting up equity structures and understanding the impact of dilution on their shares.

4. SAFES and convertible instruments for early stage investments.

5. A comprehensive Employee Share Option scheme

6. Foundational Agreements to aid the fundraising process (Founders' Agreement, Employment Agreement , Intellectual Property Assignment Agreement)

7. Cap Table Management

We will create a capitalization table to detail the equity breakdown of your startup.

8. key Investment terms.

Founders will be educated on essential investment terms and contracts.

9. Due diligence, deal closure and post-funding compliance

Founders will be taught about the essential documents to have in their deal room for due diligence and post investment compliance processes.
